COMMUNITY WORKING GROUPS

1. Welcome, Agenda Review & Introductions

2. Revised Draft 2020 Business Plan

3. California High-Speed Rail Funding 101

4. Partner Update

5. Public Comment

WEBINAR GUIDELINES

COMMUNITY WORKING GROUPS

- **Be respectful**
- **Be patient**
- **Mute your line when you are not speaking**
- **Only one person speaks at a time**
- **If CWG members would like to speak:**
 - » Please “raise your hand” *or*
 - » Send a message via webinar chat
- **Members of the public are welcome to listen**
- **Disruptive participants will be removed from the webinar**
- **If you are having a technical problem, please send a message via webinar chat**
 - » Or, send an email to afullem@kearnswest.com

REVISED DRAFT 2020 BUSINESS PLAN

BUSINESS PLAN & THE PUBLIC REVIEW PROCESS

- **What is the Business Plan?**

- » Required by PUC Section 185033
- » Represents current program status
- » Summarizes implementation approach

- **Public review process**

- » February 9, 2021: Release
- » February 9 – March 12, 2021: 30-day public review
- » March 2, 2021: Board hearing
- » March 25, 2021: Board meeting
- » April 15, 2021: Submittal to Legislature

COVID-19 PANDEMIC IMPACTS ON CALIFORNIA HIGH-SPEED RAIL

240+ workers quarantined

\$280+ million in lost Cap and Trade revenue

Environmental schedules extended for 4 project sections

Track and Systems procurement delayed until August 2021

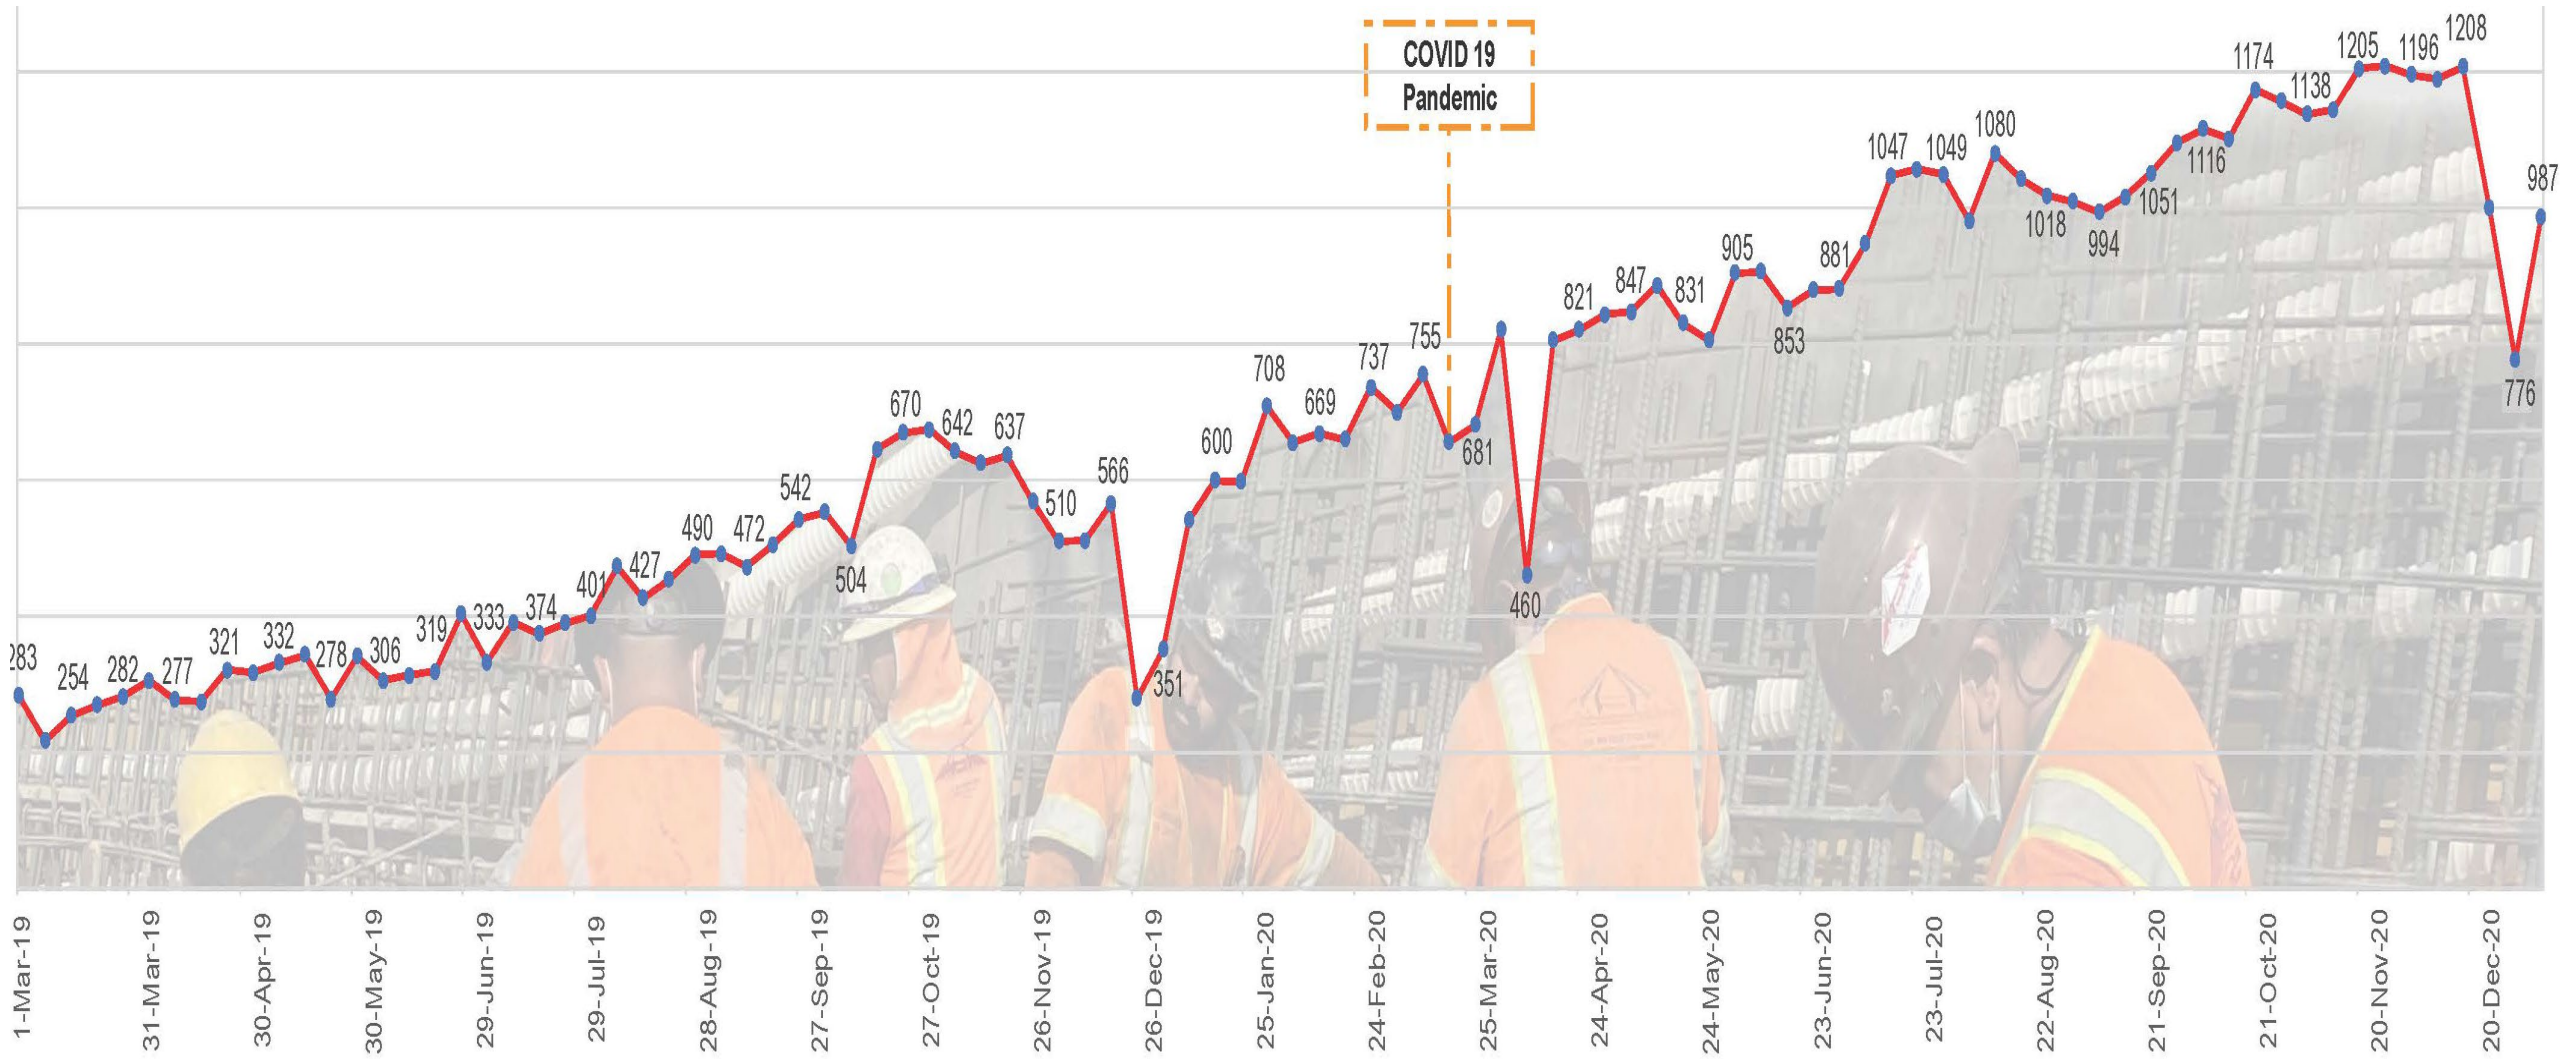

Right of Way acquisition affected by court delays

Cost and schedule impacts

PROJECT PROGRESS

WEEKLY AVERAGE CONSTRUCTION WORKERS

PROJECT PROGRESS

2018 to 2020

		2018		2020
	Construction Jobs Created	2,573	VS.	5,216
	Structures Completed or in Construction	19	VS.	56
	Environmental Drafts Released and ROD's Certified	5	VS.	12
	Right-Of-Way Parcels Acquired	1,423	VS.	1,771

MANAGING RISK

RISK MANAGEMENT MEASURES

- Increased risk contingency
- Enterprise risk management

- Stage Gate process for development & delivery

STEPS AFTER ENVIRONMENTAL CLEARANCE

Environmental clearance completion

Geotechnical investigations

Right-of-way mapping

Third-party agreements

Understanding risks and costs

Utility relocations Identification

Construction preparation

FEDERAL PARTNERSHIP

“We are strengthening our state by investing in California's High Speed Rail project and other infrastructure investments on water, housing, and climate resilience.”

– Governor Gavin Newsom

“We are most focused on restoring the federal commitment to California's High Speed Rail project, partnering to develop 21st century water infrastructure, and prioritizing investments in schools, broadband, housing, and renewable energy.”

– Governor Gavin Newsom

OFFICE OF THE GOVERNOR

January 19, 2021

Dear President Biden,

Congratulations on your historic victory and for setting America on a path to build back better. I offer you my full partnership and support as you take office and inherit the tremendous responsibility to restore our nation's economy and place of leadership on the global stage—all while working to bring the COVID-19 pandemic to an end. As America's largest economy and a model for what's possible, California is eager to support your bold agenda by sharing our experiences implementing progressive policy on everything from workers' rights to climate change.

Your American Rescue Plan is a welcome roadmap for how the federal government can take the lead in these perilous times by investing in helping individuals, families, and communities. Your vision charts an ambitious but necessary course for the country. So much of what Californians need is included in your proposal; we support it in its entirety.

Beyond the American Rescue Plan, we also stand ready to assist your administration by highlighting many of the policy innovations we advanced in the Golden State to help you scale them nationally.

In the past few years, the White House abdicated its responsibility on key issues like climate change, wildfires, and infrastructure. And the lack of leadership from Washington on COVID-19 has been well chronicled and truly deadly. But every time we lacked for a partner, California stepped up anyway.

We accelerated our clean car efforts and made record investments in wildfire mitigation. On housing and homelessness we launched programs like Project Roomkey and Homekey to provide housing to individuals experiencing homelessness during the pandemic, and removed barriers to building affordable housing. And we are strengthening our state by investing in California's High Speed Rail project and other infrastructure investments on water, housing, and

GOVERNOR GAVIN NEWSOM • SACRAMENTO, CA 95814 • (916) 445-2841

FEDERAL PARTNERSHIP

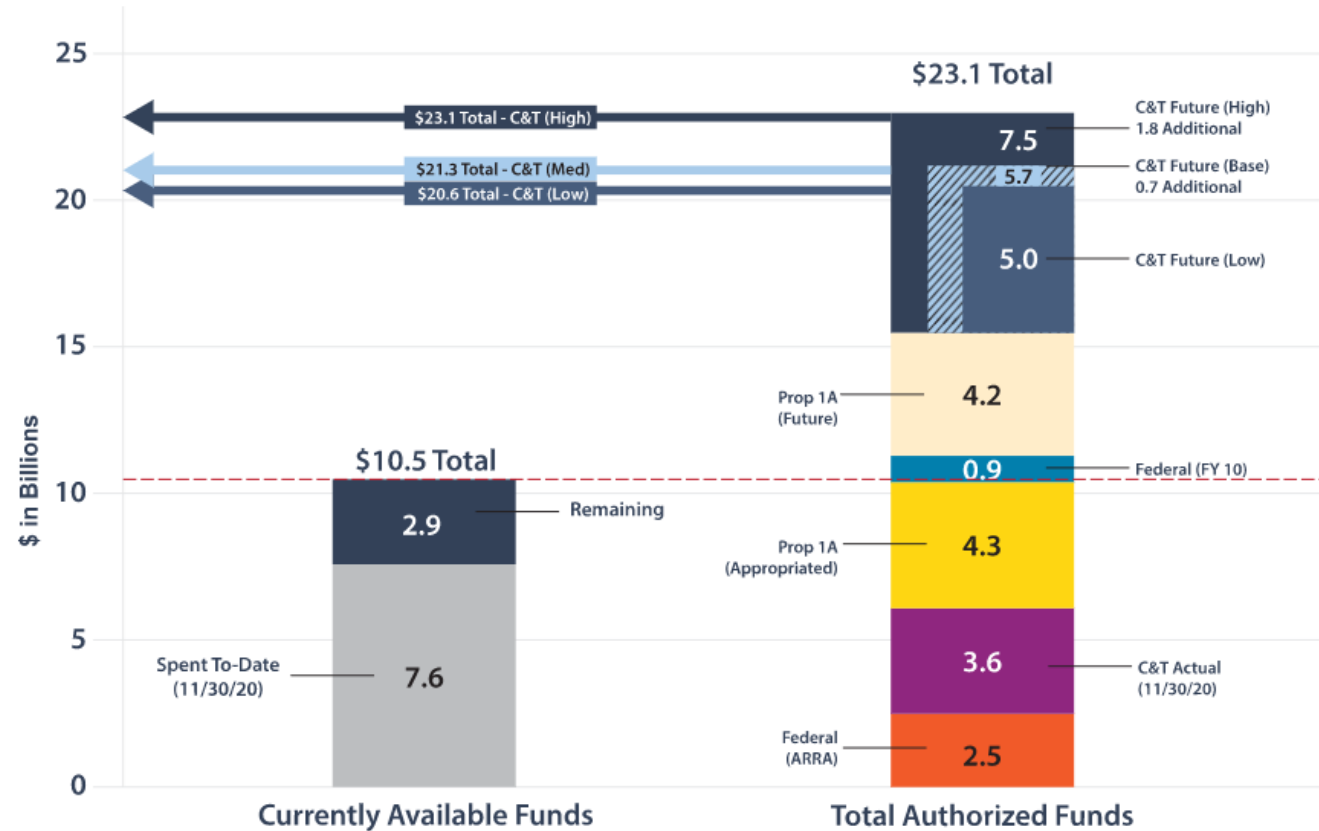

- **The Authority is engaging the Biden administration on:**
 - » Restoration of Federal Partnership
 - » Re-obligation of FY/10 grant funding
 - » Program delivery schedule flexibility
- **Opportunity for increased federal investment in electrified high-speed rail**

“We’ve been asked to settle for less in this country, and I just don’t know why people in other countries ought to have better train service and more investment in high-speed train service than Americans do.”

– Transportation Secretary Pete Buttigieg

CURRENT FUNDING

- **Funding forecast through 2030 based on Cap-and-Trade projections**
 - » Total available: \$20.6 to \$23.1 billion
 - » Estimate to complete Merced to Bakersfield (and other statewide investments): \$21.3 to \$22.8 billion
- **Authority will seek appropriation of remaining Proposition 1A funds to complete construction underway**

FUNDING PLAN

- **Funding plan required to request appropriation of Proposition 1A funds**
- **Consistent with Revised Draft 2020 Business Plan**
- **Focused on usable segment in the Central Valley to complete ongoing construction**
- **Funding plan milestones**
 - » **February 9, 2021:** Authority Board approved funding plan for submittal to the Director of Finance, Peer Review Group, and Legislature (transportation and finance committees).
 - » **May 2021:** Proposed appropriation to be included in Governor's revised budget
 - » **June 2021:** Final budget adopted by the Legislature
- **Additional funding plan required to access funds once they are appropriated.**

HOW TO COMMENT ON THE BUSINESS PLAN

 **30-day public comment period:** February 9 – March 12

 **Online at:** www.hsr.ca.gov/about/business_plans/business_plan_2020_comment_form.aspx

 **By phone:** 916-384-9516

 **By email:** DraftBP2020@hsr.ca.gov

 **Verbally:** March 2, 2021 Board hearing

CALIFORNIA HIGH-SPEED RAIL FUNDING 101

HOW HIGH-SPEED RAIL IS FUNDED

California High-Speed Rail Funding

- 1** **\$9.95 billion**
Bond measure
2008
Proposition 1A
- 2** **\$2.5 billion**
Federal Grant
2009 American
Recovery and
Reinvestment
Act (ARRA)
- 3** **\$929 million**
Federal Funding
FY 2010
Appropriations
Bill
- 4** **\$500-\$750 million**
per year
Annual
Cap and Trade
Auction Market

PROPOSITION 1A

California voters approved Proposition 1A in 2008 to begin construction of a high-speed rail system

- Bond included funding for HSR planning and development, HSR construction, and connected projects
- Downpayment provided 20% of the estimated cost of the program at the time
- Required 1:1 match from other funding sources that did not exist at the time
- Included system requirements on speed, travel time, system design, approval processes, and operating subsidies

2012 PROP 1A ALLOCATION

SENATE BILL 1029 (2012)

- **Senate Bill (SB) 1029, 2012**

- » Appropriated \$2.6 billion in Proposition 1A bonds to begin construction in the Central Valley, matching \$3.5 billion in federal funds
- » Appropriated \$2 billion in Proposition 1A funds leveraging \$5 billion in other funds for connectivity and bookend projects

CONNECTIVITY PROJECTS provide direct connectivity to high-speed rail lines and facilities. Example – BART Maintenance Shop and Yard Improvements.

BOOKEND PROJECTS are projects in the Bay Area and Los Angeles area that were allocated funding as part of the high-speed rail system. Example – Caltrain electrification project.

Statewide Rail Modernization

Central Valley Construction

California received almost 40% of the available HSR federal funds from the American Recovery and Reinvestment Act (ARRA) and FY'10 appropriations.

Salesforce Transit Center

Provided \$400 million for trainbox construction at the Salesforce Transit Center in San Francisco.

Matching Funds

Matched state funds to begin construction in the Central Valley. \$2.5 billion in ARRA funds had a 2017 expenditure deadline.

Included funds (and requirement) to complete environmental clearance for Phase 1 system from San Francisco to Los Angeles / Anaheim.

No additional federal funds have been provided since 2010, leaving the federal share at about 17% of the program funding.*

* Compared to 80-90% for historical highway projects and 30-50% for contemporary transit projects.

CAP AND TRADE AND HIGH-SPEED RAIL

2014 Appropriations (SB 852 and SB 862):

- One-time appropriation of **\$650 million**
- Continuous appropriation of **25 percent** of the annual proceeds from Cap and Trade Program

Cap and Trade also funds other transit and intercity rail programs, affordable housing, and other efforts to reduce emissions.

2017 (AB 398):

- The Legislature **extended the Cap and Trade Program through 2030**

HISTORICAL CAP AND TRADE AUCTION PROCEEDS

CHSR Quarterly C&T Auction Proceeds (in millions \$)

POTENTIAL FUNDING SOURCES

FEDERAL

- **High-Speed Rail Corridor Development Act of 2020 (Rep. Costa)**
Would provide \$32 billion in federally designated high-speed rail corridors through 2024
- **American High-Speed Rail Act (Rep. Moulton)**
Would invest \$205 billion in high-speed rail across the country
- **Transportation reauthorization and recovery plans**

STATE

- The Authority would benefit from the expected extension of the Cap and Trade program to 2050
- A Cap and Trade extension would also benefit local transit and other interrelated programs

REGIONAL/LOCAL

- Metropolitan Transportation Commission's (MTC) Plan Bay Area 2050 blueprint includes investment in bringing high-speed rail to the Bay Area as part of the region's long-range plans
- MTC was the first region in the state to take such action and positions the Authority to leverage regional, state, and federal funds

IMPLEMENTATION STRATEGY

The Authority will continue to advance the program in building blocks based on available funding.

Goals include:

- » Initiate high-speed rail service in California as soon as possible
- » Make strategic, concurrent investments that will be linked over time
- » Position ourselves to construct additional segments as funding becomes available

Consistent with Proposition 1A and the federal grants strategy in 2009/2010, the Authority is:

- » Advancing construction work to begin service in the Central Valley
- » Completing its commitments to bookend projects in NorCal and SoCal
- » Completing environmental clearance statewide and using available funds to advance those segments to the next stage of project development

Partner Update

PUBLIC COMMENT

PUBLIC COMMENT PERIOD GUIDELINES

- **Public comment is intended for the CWG members and staff to hear from the public**
- **Comments will be captured in meeting summaries**
- **2-minute time limit**
- **Please be respectful and follow CWG meeting guidelines**
- **To be added to the queue:**
 - » “Raise your hand” in the webinar, or
 - » Send a message via webinar chat, or
 - » Email afullem@kearnswest.com
- **Written comments may be submitted via webinar chat or via email after the webinar**
 - » San.Jose_San.Francisco@hsr.ca.gov
