# **Footnotes**

- 1 This fund receives revenues from leases/rents collected on property acquired that is not yet delivered to the design-builders for construction. \$750K is annually appropriated through the Budget Act and is used for the development, improvement, and maintenance of the high-speed rail system.
- 2 Fluctuations in monthly expenditures are primarily due to timing of invoice submission by vendors and a Pro-Rata cost, which is a state administrative assessment determined by the Department of Finance, that is charged three times a year (August, November, and March).
