| 5/17/2016         | Flyer;<br>Email | All Parties on the San Francisco to San Jose and San Jose to Merced Project Sections Interested Parties Lists   | <p>Good morning,</p> <p>In November of last year we sent you a letter, along with other local government planning departments, local government heritage/preservation commissions, and historical interest groups, with current information regarding the planning and development of the high-speed rail project section being advanced between San Francisco and San Jose. The purpose of this letter was to invite your participation in the cultural resources investigation that will be conducted in accordance with Section 106 of the National Historic Preservation Act, as well as the National Environmental Policy Act and the California Environmental Quality Act.</p> <p>We are continuing to move ahead with planning for this and other rail sections. I wanted to call your attention to some public scoping meetings that are planned this month specifically for the San Francisco to San Jose Project Section, which spans San Francisco, San Mateo, and Santa Clara Counties. Please see the attached flyer, which provides the dates and locations of the three meetings scheduled to occur this month. Public scoping meetings are a good way to learn more about the project and to speak directly with technical, environmental, and engineering staff.</p> <p>Lisa Costa Sanders (lcostasanders@ci.atherton.ca.us) was emailed separately because Haleigh King no longer works for City of Atherton. Delivery failed to: dpetrovich@ci.millbrae.ca.us; jimnarveson@earthlink.net; info@sbhrs.org; tryan@ci.sunnyvale.ca.gov; curator@sfmusuem.org; historyroom@mountainviewhistorical.org; info@californiaheritagecouncil.org.</p> |

Sacramento, CA 95814

Re: Request for Review and Comment on Findings Presented in the *San Jose to Merced Project Section, Section 106 Finding of Effect Report*, Prepared by ICF (February 2020)

Dear Mr. Rushing:

The California High-Speed Rail Authority (Authority) is continuing consultation with the State Historic Preservation Officer (SHPO) regarding the San Jose to Merced Project Section of the California High-Speed Rail (HSR) Program. This consultation is undertaken in accordance with the *2011 Programmatic Agreement Among the Federal Railroad Administration, the Advisory Council on Historic Preservation, the California State Historic Preservation Officer, and the California High-Speed Rail Authority (PA)*. The Authority is requesting SHPO comments on the *San Jose to Merced Project Section, Section 106 Finding of Effect Report (FOE Report)* prepared by ICF in February 2020 and on a finding of effect on 21 historic built properties and 33 archaeological resources.

The FOE Report assess effects on built environment and archaeological properties that would result from implementation of the Preferred Alternative for the San Jose to Central Valley Wye Project Extent (Preferred Alternative) of the California High-Speed Rail System. The Preferred Alternative consists of portions of the San Jose to Merced Project Section that extends from Scott Boulevard in San Jose to Carlucci Road in Merced County, the western limit of the Central Valley Wye. The Area of Potential Effects delineated for the San Jose to Merced Project Section Archaeological Survey Report (Authority and FRA 2019) and the San Jose to Merced Project Section Historic Architectural Survey Report (Authority and FRA 2019).

The Preferred Alternative has the potential to adversely affect five built environment historic properties, including three that would be demolished (the Madrone Underpass, Live Oak Creamery, and the Cozzi Family Property). Additionally, construction of new HSR station facilities would remove character-defining features and alter historic setting characteristics of the Southern Pacific Depot in San Jose and diminish the agricultural setting of the Negra Ranch. Mitigation Measures, such as a stipulation to involve stakeholders in the development of interpretive or educational materials, will be developed with consulting parties.

The FOE Report also concludes that the Preferred Alternative would potentially adversely affect two archaeological properties (CA-SCL-30/H and CA-338H) in the APE. Another 31 archaeological resources within the APE are assumed to be eligible for listing on the National Register of Historic Places, although formal evaluation of these resources is pending due to lack

of legal access to parcels and rights-of-way. The assessment of effects for all 33 resources will be phased in accordance with 36 CFR § 800.5(a)(3) and PA Stipulation VI.E and VIII.A.1.

Having reviewed your letter and the FOE Report, SHPO offers the following comments:

- SHPO concurs that, pursuant to 36 CFR § 800.5(a)(1) and (2), the Preferred Alternative has the potential to adversely affect the Southern Pacific Depot in San Jose, the Madrone Underpass, Live Oak Creamery, Negra Ranch, and the Cossi Family Property.
- SHPO concurs that, pursuant to 36 CFR § 800.5(b), the Preferred Alternative will have no adverse effect on the Santa Clara Railroad Complex, Sunlite Baking Co., San Martin Winery, Southern Pacific Station in Gilroy, Pacheco California Department of Forestry Station, and the Cottani Family Property.
- SHPO concurs that, pursuant to 36 CFR § 800.4(d)(1), the preferred alternative will have no effect on Pacific Intertie Transmission Line, Villa Mira Monte, Hoenck House, IOOF Orphanage School, Horace Wilson House, Ellis Ranch, Millers Canal, the California Aqueduct, the Delta Mendota Canal, and the San Joaquin & Kings River Main Canal.
- SHPO agrees that, per 36 CFR § 800.5(a)(3) and PA Stipulation VI.E and VIII.A.1., the phased application of the criteria of adverse effect on 33 archaeological resources identified in Table 2 of the Authority's February 28, 2020 letter is appropriate at this time.
- SHPO has no comments on the format or structure of the FOE Report.

If you have any questions or comments, contact State Historian Tristan Tozer at (916) 445-7027 or at [Tristan.Tozer@parks.ca.gov](mailto:Tristan.Tozer@parks.ca.gov).

Sincerely,

A handwritten signature in blue ink, appearing to be 'JP', followed by a long horizontal line extending to the right.

Julianne Polanco  
State Historic Preservation Officer
