Re: High-Speed Rail Program, San Francisco to San Jose Project Section, Request for Review and Concurrence on Historic Architectural Survey Report

Dear Mr. Rushing:

Thank you for your letter of July 15, 2019, regarding the above-referenced report. You are consulting pursuant to Stipulation VIII of the *Programmatic Agreement among the Federal Railroad Administration, the Advisory Council on Historic Preservation, the California State Historic Preservation Officer, and the California High-Speed Rail Authority regarding Compliance with Section 106 of the National Historic Preservation Act, as it pertains to the California High-Speed Train Project (PA)*.

The California High-Speed Rail Authority (the Authority), on behalf of the Federal Railroad Administration (FRA), requests SHPO review on the following document, included with the letter:

- *California High-Speed Rail Authority, San Francisco to San Jose Project Section, Historic Architectural Survey Report, June 2019*, prepared by JRP Historical Consulting, LLC.

The HASR documents the historic properties identification efforts within the San Francisco to San Jose section Area of Potential Effect (APE). The HASR identified 419 built environment resources. Resources identified include:

- 15 properties newly identified as eligible for listing on the National Register of Historic Places (NRHP)
- Seven properties listed on the NRHP
- 396 built resources ineligible for listing on the NRHP or California Register of Historical Resources, 305 of which were streamlined as per Attachment C of the PA

The 15 newly identified properties include the following resources:

The Authority, on behalf of FRA, has determined that the 15 properties identified above are eligible for listing on the NRHP, and that the remaining 396 properties listed in Tables 3 and 4 are ineligible for inclusion on the NRHP (see attached list).

After reviewing the information submitted with your letter, I offer the following comments:

- I concur that identification efforts are sufficient for the undertaking at this time, per 36 CFR § 800.4(b).
- I do not concur that the Willie Mays Residence is eligible for listing on the NRHP under Criterion B at the national level of significance. While Willie Mays is undoubtedly a major figure in the history of Major League Baseball, the property does not embody his struggles with housing discrimination in the San Francisco Bay Area.
- Apart from the Willie Mays Residence, I concur that the properties listed in the table above are eligible for listing in the NRHP, per 36 CFR § 800.4(c)(2).
- I concur that the 396 properties listed in Tables 3 and 4 (attached) are ineligible for the NRHP, per 36 CFR § 800.4(c)(2).

If the Authority has any questions or comments, please contact State Historian Tristan Tozer at (916) 445-7027 at Tristan.Tozer@parks.ca.gov.

Sincerely,

A handwritten signature in black ink, consisting of a large, stylized 'J' followed by a horizontal line extending to the right.

Re: High-Speed Rail Program, San Francisco to San Jose Section, Request for Concurrence on Final Archaeological Survey Report 2019

Dear Mr. Rushing:

Thank you for your letter of July 29, 2019, regarding the above-referenced report. You are consulting pursuant to Stipulation VIII of the *Programmatic Agreement Among the Federal Railroad Administration, the Advisory Council on Historic Preservation, the California State Historic Preservation Officer, and the California High-Speed Rail Authority regarding Compliance with Section 106 of the National Historic Preservation Act, as it Pertains to the California High-Speed Train Project (PA)*.

The California High-Speed Rail Authority (the Authority), on behalf of the Federal Railroad Administration (FRA), requests my review and comment on the following document, included with the letter:

- *Archaeological Survey Report for San Francisco to San Jose Section*, prepared by Garcia and Associates, June 2019

After reviewing the submitted materials, I have the following comment:

- I concur that the Authority has made a reasonable and good faith effort to identify historic properties within the Area of Potential Effects covered by this Archaeological Survey Report pursuant to the PA for this undertaking

If the Authority has any questions or comments, please contact State Historian Tristan Tozer at (916) 445-7027 at Tristan.Tozer@parks.ca.gov.

Re: High-Speed Rail Program, San Francisco to San Jose Project Section, Request for Review and Concurrence on Historic Architectural Survey Report

Dear Mr. Rushing:

Thank you for your letter of July 15, 2019, regarding the above-referenced report. You are consulting pursuant to Stipulation VIII of the *Programmatic Agreement among the Federal Railroad Administration, the Advisory Council on Historic Preservation, the California State Historic Preservation Officer, and the California High-Speed Rail Authority regarding Compliance with Section 106 of the National Historic Preservation Act, as it pertains to the California High-Speed Train Project (PA)*.

The California High-Speed Rail Authority (the Authority), on behalf of the Federal Railroad Administration (FRA), requests SHPO review on the following document, included with the letter:

- *California High-Speed Rail Authority, San Francisco to San Jose Project Section, Historic Architectural Survey Report, June 2019*, prepared by JRP Historical Consulting, LLC.

The HASR documents the historic properties identification efforts within the San Francisco to San Jose section Area of Potential Effect (APE). The HASR identified 419 built environment resources. Resources identified include:

- 15 properties newly identified as eligible for listing on the National Register of Historic Places (NRHP)
- Seven properties listed on the NRHP
- 396 built resources ineligible for listing on the NRHP or California Register of Historical Resources, 305 of which were streamlined as per Attachment C of the PA

The 15 newly identified properties include the following resources:

The Authority, on behalf of FRA, has determined that the 15 properties identified above are eligible for listing on the NRHP, and that the remaining 396 properties listed in Tables 3 and 4 are ineligible for inclusion on the NRHP (see attached list).

After reviewing the information submitted with your letter, I offer the following comments:

- I concur that identification efforts are sufficient for the undertaking at this time, per 36 CFR § 800.4(b).
- I do not concur that the Willie Mays Residence is eligible for listing on the NRHP under Criterion B at the national level of significance. While Willie Mays is undoubtedly a major figure in the history of Major League Baseball, the property does not embody his struggles with housing discrimination in the San Francisco Bay Area.
- Apart from the Willie Mays Residence, I concur that the properties listed in the table above are eligible for listing in the NRHP, per 36 CFR § 800.4(c)(2).
- I concur that the 396 properties listed in Tables 3 and 4 (attached) are ineligible for the NRHP, per 36 CFR § 800.4(c)(2).

If the Authority has any questions or comments, please contact State Historian Tristan Tozer at (916) 445-7027 at Tristan.Tozer@parks.ca.gov.

Sincerely,

A handwritten signature in black ink, consisting of a large, stylized 'J' followed by a horizontal line extending to the right.

Re: High-Speed Rail Program, San Francisco to San Jose Project Section, National Register of Historic Places Eligibility Consideration for the Willie Mays, Jr. Residence, 51 Mount Vernon Lane, Atherton, California

Dear Mr. Rushing:

Thank you for your letter of September 12, 2019, regarding the above-referenced report. You are consulting pursuant to Stipulation VIII of the *Programmatic Agreement among the Federal Railroad Administration, the Advisory Council on Historic Preservation, the California State Historic Preservation Officer, and the California High-Speed Rail Authority regarding Compliance with Section 106 of the National Historic Preservation Act, as it pertains to the California High-Speed Train Project (PA)*.

In previous consultation, the California High-Speed Rail Authority (Authority) requested SHPO review of the *California High-Speed Rail Authority, San Francisco to San Jose Project Section, Historic Architectural Survey Report*. SHPO concurred with the findings therein bar one: the National Register of Historic Places (NRHP) eligibility of the Willie Mays, Jr. residence. SHPO did not concur that the property was eligible for listing on the NRHP under Criterion B at the national level of significance. In response, the consultants working for the Authority revised the determination of eligibility, arguing that the property is eligible under Criterion B at the local level of significance for its association with Mr. Mays and his contributions to Major League Baseball and his role in the first generation to integrate the major leagues. This determination is based on NRHP guidelines noting that "properties associated with an individual's formative or later years may also qualify...if no properties from the person's productive years survives." The guidelines also note "retirement homes may qualify...if it can be documented that the house is significant in representing the culmination of an important career." As the four major league stadiums Mr. Mays played in no longer stand, the

residence at 51 Mount Vernon Lane is the property most associated with the baseball great.

After reviewing the information submitted with your letter, I offer the following comments:

- I concur that the Willy Mays, Jr. residence is eligible for listing in the NRHP, per 36 CFR § 800.4(c)(2).

If the Authority has any questions or comments, please contact State Historian Tristan Tozer at (916) 445-7027 at Tristan.Tozer@parks.ca.gov.

Sincerely,

Re: High Speed Rail Program, Review and Concurrence on Findings Presented in the *San Francisco to San Jose Project Section, Section 106 Finding of Effect Report*, Prepared by ICF (April 2020)

Dear Mr. Rushing:

The California State Historic Preservation Officer (SHPO) is in receipt of your April 3, 2020 submittal continuing consultation regarding the San Francisco to San Jose project section of the California High-Speed Rail Program. This consultation is undertaken in accordance with the 2011 *Programmatic Agreement Among the Federal Railroad Administration, the Advisory Council on Historic Preservation, the California State Historic Preservation Officer, and the California High-Speed Rail Authority (Authority) regarding Compliance with Section 106 of the National Historic Preservation Act, as it pertains to the California High-Speed Train Project (PA)*. The Authority is seeking comments and concurrence on the finding summarized in the following report:

- *San Francisco to San Jose Project Section, Section 106 Finding of Effect Report, April 2020 (FOE)*

The FOE analyzes the effects of the state preferred alternative for the undertaking on 21 built- environment properties and 21 archaeological resources located within the Area of Potential Effects (APE). The FOE concludes that the preferred alternative would cause no adverse effects to the 21 built-environment historic properties. All of archaeological resources are assumed eligible for listing on the National Register of Historic Places, although formal evaluation of these resources is still pending due to lack of legal access to parcels and rights-of-way.

Having reviewed the FOE, SHPO offers the following comments:

- 1) SHPO concurs that the Preferred Alternative will not have an adverse effect on the following sixteen built-environment properties:
 - ID #08: Airport Boulevard Underpass/South San Francisco Subway
 - ID #12: SPRR Depot/Milbrae Station
 - ID #13: Jules Francard Grove/Francard Tree Rows
 - ID #14: SPRR Depot/Burlingame Railroad Section
 - ID #18: SPRR Depot/San Carlos Station
 - ID #21;21a: SPRR, Dumbarton Cutoff Linear Historic District; Dumbarton Cutoff Railroad Line
 - ID #22: Willie Mays Jr. House
 - ID #24: SPRR Depot/Atherton Station
 - ID #25: Carriage House & Water Tower, Holbrook-Palmer Estate (Elmwood)
 - ID #28: SPRR Depot/Menlo Park Railroad Station
 - ID #29: SPRR San Francisquito Creek Bridge
 - ID #30: El Palo Alto
 - ID #31: Palo Alto SPRR Depot
 - ID #32: University Avenue Underpass
 - ID #35: Embarcadero Underpass
 - ID #37; 37a; 37b; 37c: Tract 795, Charleston Meadows; 4133 Park Boulevard; 4118 Park Boulevard; 4126 Park Boulevard

- 2) SHPO concurs that the Preferred Alternative will have no effect on the following five built-environment properties:
 - ID #01: San Francisco Auxiliary Water Supply System
 - ID #03; 03a; 03b: Central Waterfront Historic District; SPRR Tunnel No. 2/ Bayshore Cutoff Tunnel No.1; SPRR Tunnel No. 2/Bayshore Cutoff Tunnel No. 2
 - ID #05: SPRR Tunnel No. 3
 - ID #06: SPRR Tunnel No. 4
 - ID #07: SPRR Bayshore Roundhouse

- 3) SHPO agrees with the Authority's finding that the phased application of the criteria of adverse effect on the 21 archaeological resources identified in Table 2 of the Authority's April 3, 2020 letter is appropriate at this time, as per 36 CFR 800.5(a)(3) and PA stipulations VI.E and VIII.A.1

I look forward to continuing consultation with the Authority on this undertaking. If you have any questions, please contact Tristan Tozer, Historian, at (916) 445-7027 or Tristan.Tozer@parks.ca.gov.

Sincerely,

Julianne Polanco
State Historic Preservation Officer
