Footnotes

- This fund receives revenues from leases/rents collected on property acquired that is not yet delivered to the design-builders for construction. Historically, the Authority has had an annual appropriation of \$750K to be used for the development, improvement, and maintenance of the high-speed rail system and associated properties. On September 23, 2021, Senate Bill 170 (Chapter 240, Statutes of 2021) amended the Budget Act of 2021 to increase the Authority's appropriation to be \$4M. The State Controller's Office recorded the amended authority on October 8, 2021.
- Fluctuations in monthly expenditures are primarily due to timing of invoice submission by vendors and a Pro-Rata cost, which is a state administrative assessment determined by the Department of Finance, that is charged three times a year.
