

9.0 EIR/EIS Distribution

The distribution of the Final Merced to Fresno Section EIR/EIS emphasizes the use of electronic media to ensure cost-effective, broad availability to the public and interested parties. The entire Final EIR/EIS, appendices, and supporting reports are available on the Internet at the California High-Speed Rail Authority's website (www.cahighspeedrail.ca.gov). The Final EIR/EIS is also available at the repositories listed below. Electronic compact disc copies of the document are available upon written request at the office of the California High-Speed Rail Authority, 770 L Street, Suite 800, Sacramento, CA 95814.

All persons, agencies, and organizations listed in this chapter have been informed of the availability of, and locations to obtain, the Final EIR/EIS. Notices of availability of the Final EIR/EIS have been included in the Federal Register. Repositories and cooperating federal agencies were sent both hard and electronic copies of the Final EIR/EIS and appendices. Copies were filed with the California State Clearinghouse. All Draft EIR/EIS commenters a minimum receive an electronic copy of the Final EIR/EIS (see Volume IV, Comments and Responses to Draft EIR/EIS, for list of all commenters). Other federal agencies, state agencies, and selected interested parties listed below have received summary chapters and electronic copies of the Final EIR/EIS. Federal, state, and county elected officials, mayors of cities with possible stations, and potentially affected local agencies listed below were mailed an informational brochure and instructions about how to obtain a copy of the Final EIR/EIS. Additional local elected officials and agency representatives, along with all others on the project mailing list (approximately 7,300 contacts), have been mailed a notification that includes information about how to access the Final EIR/EIS.
