- 1 Data is reported on a cash basis as of 6/30/18.
- 2 Prop 1A bond sales are conducted twice a year by the State Treasurer's Office (STO) in the spring and fall.
- 3 No bond sales for Prop 1A occurred in FY2012-13 or FY2013-14.
- 4 The Cap and Trade ending cash balance includes \$400M that is available to the Authority and is currently on loan, but shall be repaid as necessary based on the financial needs of the High-Speed Rail project (Health and Safety Code 39719.1). Cap and Trade auctions are in February, May, August, and November.
- 5 PERS: Public Employees' Retirement System
- 6 Beginning balance includes a \$450K Advance to Office Revolving Fund (ORF). Advance to ORF represents cash available for disbursement to facilitate efficient reimbursement of invoices. Upon replenishment of the full ORF balance, \$450K becomes accessible to Prop 1A Bond Fund appropriations for use.
- 7 Beginning balance includes a \$10M Advance to ORF. The ORF represents cash available for disbursement to facilitate efficient reimbursement of invoices. Upon replenishment of the full ORF balance, \$10M becomes accessible to Cap and Trade Fund appropriations for use.
- 8 Reserve of \$3,726,102 (\$1M Prop 1A and \$2.7M Cap and Trade) is set aside for activities to be determined at a later date.
- 9 FY2016-17 Prop 1A Bond proceeds include the following bond sales: Nov-16, \$75M; and Apr-17, \$1,248B.
- 10 FY2015-16 Cap and Trade funding includes the following auction proceeds: Aug-15, \$161.3M; Nov-15, \$164.2M; Feb-16, \$129.2M; and May-16, \$2.5M.

- 12 FY2017-18 Cap and Trade funding includes the following auction proceeds: Aug-17, \$140.5M; Nov-17, \$215.7M; Feb-18, \$181.6M, and May-18 \$169.8M.
- 13 FY2017-18 Prop 1A Bond proceeds include the following bond sales: Oct-17, \$300M; and Apr-18, \$500M.
- 14 Prop 1A utilization will increase as the Authority progresses towards full ARRA Grant State Match. This will cause the cash balance to fluctuate periodically, and will also result in low utilization of Cap and Trade.
- 15 The net increase of more than \$5M in Cap and Trade funds is due largely to a funding adjustment which moved \$8M from Cap and Trade to Prop 1A Bond funds, offset by \$3M in expenditures.
